Subject: Comments on EPA Coal Ash Action

Having worked for EPA for 41 years, prior to retiring, I appreciate the difficult task you face in addressing complex environmental matters such as the Coal Ash Rule. Recently, I attended the World of Coal Ash Conference. Based on some of the discussions, I submitted comments to OIRA on the Phase 2 amendments to the Coal Ash Rule. The comments are my personal views, and via the attached file, I am sharing them with you.

Not knowing exactly what and how EPA is addressing issues in this package, I focused on a few thoughts where early input may be of greatest value. I hope they are of value to you.

Respectfully,
